SECTION 100 QUALITY OF LIFE

BASE: ALL QUALIFIED RESPONDENTS (Q99/1)

Q100. Thinking about the overall quality of your life in and around the community where you live, please imagine a ladder with ten steps representing the "ladder of life." Let's suppose the top of the ladder, the tenth step, represents the best possible life for you; and the bottom, the first step, the worst possible life for you. On a scale of 1 to 10, on which step of the ladder do you personally stand at the present time?

Q620. Below are the opinions of two hypothetical area residents. Please indicate which opinion comes closest to your own. Is your opinion more like Wilson or more like Miller?

Wilson believes a small amount of growth in the Ko'olau Loa district is necessary for the communities in the region to be vibrant and sustainable. If a community stops growing it begins to stagnate and die.

Miller believes it is best if there is no growth in the Ko'olau Loa district because that is the only way to preserve the rural feeling of the area. If the communities grow at all, they will lose their small town feel.

640. Below are the opinions of two hypothetical area residents. Please indicate which opinion comes closest to your own. Is your opinion more like Walters or more like Green?

Mr. Walters thinks the saying, "Keep the country, country" is good for the region because it helps keep the Ko'olau Loa just the way we like it and keeps out new development and growth.

Mr. Green thinks the saying, "Keep the country, country" is bad for the region because it prevents all growth, even the kind of growth and development we need to support our communities, our families and our way of life.

Q830. As you probably know, the prices of homes are very expensive throughout Hawaii in large part because the cost of the land is so high. Some people have expressed interest in homes that are sold on a lease-hold basis in which they own the home and pay for a long term lease on the land rather than owning the land outright. This approach makes home ownership much more affordable. If you were in the market for a new home, how likely is it that you would consider this kind of home ownership arrangement?
